Ceremony Only Package - \$850

This package is our most affordable option. We will provide one videographer for your ceremony. The final deliverable will consist of a full-length video, with a duration matching that of your ceremony. Some bride and groom preparation will also be included.

Highlight Video Package - \$1,450 (our most popular package)

We will provide one videographer with no time limit on coverage (we will be there all day so we won't miss anything). The final deliverables will consist of the "Ceremony Only" video plus an approximately 4-8 minute highlight video covering all the important moments from preparation to dancing and even to the departure of the bride and groom.

Documentary Video Package - \$1,950

We will provide one videographer with no time limit on coverage (we will be there all day so we won't miss anything). The final deliverables will consist of an approximately 4-8 minute highlight video, and your full length "documentary" video, with a duration of approximately 45-60 minutes. The full-length "documentary" video includes all the events leading up to the wedding, the ceremony, the reception, toasts, dancing, and much more. A full-length video can range in duration based on the events of the day. This is the most comprehensive coverage package that we offer. The couple can upgrade to this package even after the wedding day as long as the couple selected the "Highlight Video Package".
